Migration
Choreography in
Photography -
Migration is a force of
life evolution. It is
Changing the
environment and our
identity.
We've traveled to
uninhabited land in
the USA, the land of
opportunity, and
photographed the
virgin earth, in the
open wide dessert. In
this series, we
collaborated with a
group of wonderful
dancers from The
Martha Graham Dance
Company. It is a
choreography,
constructed from still

images, a dynamic
moment freeze in
time. The landscape
represents both the
exterior and inner
landscape.

People emigrate
seeking for freedom
and prosperity and for
the right to live a
better life. They move
along with their
possessions, culture,
memories. It is only a
frame of identity they
carry with them
through out the
course of their lives.
No matter where we
go or what new
exterior and form we
take on, and what role

we need to play, the
true core identity is
broader, an uncharted
territory, it is free no
matters how
challenging life
situation. Each work
represents a different
aspect of migration,
the struggles, the
story about life
situations, our
personal temporary
identity, and the
timeless identity.
